# Ameda Finesse™ Breast Pump

Hospital technology at home.

## More Milk

Inspired by Ameda's hospital pump technology, ComfortFlow™ Technology mimics baby's natural suckling while providing maximum comfort which is clinically proven to establish a better milk flow.

## Keeps Milk Safe

Ameda's true closed-system pump kit has the only FDA-cleared barrier to keep your breast milk safe against mold growth.

## More Comfort

Independent speed and suction controls allow you to choose settings most comfortable for an increase milk supply.

Ameda Hands-free Pumping Bra (not included)
