

The AXifeed Bottle Range

AXifeed 21

The AXifeed bottle and cap range is the only comprehensive truly tamper-evident system, providing clear verification that feeds are safeguarded from accidental or deliberate contamination.

AXifeed E

The 140ml capacity AXifeed "E" bottles have all the same safety features in a new round bottle that offers greater affordability.

Tamper Evident Caps

Once filled, AXifeed bottles can be resealed with colour coded sterile caps.

AXifeed Feeding Cup

The AXifeed sterile ready to use 40ml feeding cup is specially designed to provide a measured and controllable flow of milk.
